From finance to compliance to information technology, the varied roles that modern-day top financial executives carry can be dizzying.

It's no wonder that their stock *has risen so much* in recent years, and today, Triad Business Journal announces 15 leading financial executives who can each add one more feather in their caps.

We are pleased to announce the honorees for the 2015 Financial Executives of the Year awards, which honor financial executives for exemplary leadership, strategic vision and innovative practices. These awards will be formally presented July 30 by Triad Business Journal in concert with our sponsors: Dixon Hughes Goodman; Hill, Chesson and Woody; **PNC Bank**; CLA Custom Accounting Solutions Team; and supporting sponsor **Accrue Partners**. You can help celebrate their accomplishments at the awards ceremony at Starmount Forest Country Club. [Tickets are still available](#) for this premier networking event.

You can also learn more about our honorees in a special section that will be published in the July 31 edition of the Triad Business Journal.
